Profile

Personal description:

I live in Venezuela, i am 18 years old, born in November 14th, 2002, since i am 16, i study these technologies, and since then, i have not stopped learning: about Javascript: I know DOM, and some internal APIs, async Javascript, Ajax, S.P.A, phpmyadmin software, about PHP, MVC pattern, tables in databases, the software for version control: GIT, about css: a little bit of responsive layout, and media queries I like teamwork, very responsable, i assume mistakes.

Why should i be part of this company?

I've studied much, i have vocation for this job, desire to work, and contribute to this company.

My strengths:

- HTML
- JavaScript
- PHP
- Responsibility
- Teamwork.
